

Core textbooks

Students are required to purchase each of the following textbooks which will cover the pre-clinical and clinical blocks. Additional readings, as stated in the cases, will enhance the student's knowledge and it is recommended that students obtain these from local libraries.

Titles marked with an * indicate books which are required during pre-clinical blocks

Anatomy

*Drake, Vogl and Mitchell, *Gray's Anatomy for Students*, Churchill Livingstone, 2004, 1st ed.

Biochemistry

*Voet, Voet & Pratt, *Fundamentals of Biochemistry: Life at the Molecular Level*, John Wiley & Sons, 2005 2nd ed.
